Catechists gather to raise funds for self sustainability

The role played by catechists is one specific form of service among others within the Christian community. Catechists are called first to be expert in the pastoral service of transmitting the faith as it develops through its different stages from the initial proclamation of the kerygma to the instruction that presents our new life in Christ and prepares for the sacraments of Christian initiation, and then to the ongoing formation that can allow each person to give an accounting of the hope within them (cf. 1 Pet 3:15). At the same time, every catechist must be a witness to the faith, a teacher and mystagogue, a companion and pedagogue, who teaches for the Church. Only through prayer, study, and direct participation in the life of the community can they grow in this identity and the integrity and responsibility that it entails

To help them fulfill above chiga parish catechists have this project every month of having mass celebrated and funds raised for each of our catechist. It is such a successful program This month of January they gathered at Yao center odhong prayer house and during mass the priest reminded them that as,

Teachers of faith they must dedicate their time to deepen their knowledge on doctrines of the church guided by the catechism of the Catholic Church

Collaborators with the priests they should be able to identify the sick and those living in the peripheries of life and have abandoned faith and to inform the priest for appropriate pastoral care.

Catechists need to visit christians in their homes to pray with them irrespective of their status

Catechists need to teach christians on what jeopardize their faith (gik masweko yie mar jokristo).

The chairperson of the parish Mr okiro encouraged both the christians and catechists to work and walk together.
